 450 000	 75 000	 0	   Do not donate them!
 485 + 100 ⁽¹⁾	 Buy 3 with shards	 Buy 7 with goods ⁽²⁾	

⁽¹⁾ At the end of the fourth day, we will use 2x50 shards for rush construction. We have probably already earned that much by now.

⁽²⁾ The first two should be somewhere below each other so that the 2 alchemists can fit under each other. You can place the rest anywhere where there are no impediment.

⁽³⁾ Feel free to change it at the end if you need more or less Pillory or decorations.

⁽⁴⁾ Don't forget to check at the settlement after the one-hour building is built to start production.

⁽⁵⁾ If waiting an hour for a goods production building is too much, speed it up by 25 shards.
